BDS 3772

INTEGRATED 3D BLU-RAY DISC™ SYSTEM FEATURING A 2.1-CHANNEL DIGITAL AMPLIFIER, BLUETOOTH® AND AIRPLAY® CONNECTIVITY AND HDMI® TECHNOLOGY WITH 3D

Harman Kardon® BDS 3772

The Harman Kardon® BDS 3772 is a compact, all-in-one package – a 2.1 channel home theatre system that will seamlessly integrate with your flat-panel video display and thoroughly transform your home entertainment experience. The system includes a flexible 3D Blu-ray Disc™ player, Bluetooth® and Apple® AirPlay® connectivity, three HDMI® inputs and one HDMI® output, plus access to online streaming services. Two powerful, voice-matched satellite with dual flat-panel midrange drivers and a companion 200 watt powered subwoofer deliver a riveting, fully immersive soundscape. Equipped with Dolby® Digital and DTS® audio decoding, the system reproduces movies and music from online sources, Apple® mobile devices and virtually any other source.
