

HARMAN KARDON

GO + PLAY™ MICRO

Portable loudspeaker dock for iPod and iPhone

harman/kardon®
by HARMAN

Specifications

■ The Harman Kardon Go + Play™ Micro

is the portable loudspeaker dock with a look and a sound that immediately identify its Harman Kardon® heritage. Dual high-frequency and midrange transducers produce rich, full-spectrum sound with unexpected clarity and precision, while a high-excursion, low-frequency driver adds exceptional bass punch. AC- or battery operated, and easily transported by its distinctive, arched stainless-steel handle, the Harman Kardon Go + Play™ Micro frees you to share your music with friends anywhere. A multimedia entertainment center, it even sends your iPod photos and video to a TV monitor and synchronizes with iTunes. But however and wherever you use it, it's the sound that sets the Harman Kardon Go + Play Micro apart.

■ Highlights

- Digital signal processing (DSP): Computer-optimized equalization (COE) improves system dynamics, and optimized compression topology (OCT) ensures clear, low-distortion sound at high output levels
- Bi-amplification: The woofer and tweeters are independently amplified for exceptional richness and clarity of sound
- Advanced transducers: The Atlas™ woofer produces extended bass performance with minimal distortion, and Odyssey® tweeters project musical details over a wide listening area
- IR remote control: It directs basic system operations and most iPod/iPhone functions from up to 4.5m (15 ft) away.

■ Key Specifications

- Drivers: four Odyssey and one Atlas transducers
- Power: tweeters: 2 x 15 watts @ 1% THD; woofer: 1 x 30 watts @ 1% THD
- Frequency response: 70Hz – 20kHz
- Signal-to-noise ratio: 85dB
- Input impedance: 10k ohms
- Battery type: 8 x type C alkaline batteries
- Power supply input voltage: 100 ~ 240V AC
- Power supply output voltage: 24VDC @ 2.3A
- Dimensions: 500mm x 230mm x 240mm (20" x 9" x 9-1/2")
- Weight: 3.9kg (8.6 lb)

Depth measurement includes knobs, buttons and terminal connections, unless stated otherwise. Height measurement includes feet and chassis, unless stated otherwise.
